Dear Parents and Carers,

## Gate update for Parents

I am writing to update you regarding the safeguarding developments at the front entrance to our schools. As you will be aware, we have been looking at our perimeter fencing and entrance/exit to the schools. Thank you to everyone for helping us ensure that our temporary measures have been as successful as possible while we finalise plans for improvement.

Over the break, fencing work commenced and has now been completed. We are now working to install two secure automated gates that will create a visitor car park, automated pedestrian gates and a separate staff car park. These are due to be completed over the next few weeks. As a provisional measure, temporary gates will be secured during the school day and at night time. Additional Risk Assessments have also been put in place to highlight safety measures to all staff.

We appreciate your patience while we alter our front entrance and will update you further once we near completion.

Best wishes,

Ms S Simpson - Head of Schools
